

Opening Times

Friday: : to :

Saturday: : to :

Sunday: : to :

The pop-up shop opens for three periods of **exactly half an hour** in the afternoons, with the numbers of hours and minutes (using the 24-hour clock) all being **two-digit numbers**, and following special rules:

- On Friday, the hours are both square numbers and minutes are both prime numbers
- On Saturday, the minutes for opening and closing times are one more than the minutes for the previous day
- On Sunday, one set of minutes is three times the equivalent minutes for the previous day, and the other is one half of the equivalent minutes for the previous day
- One two-digit number must occur in exactly four different boxes, with at least one on each day, and no other number occurs more than twice.

Square numbers: 1, 4, 9, 16, 25, 36, 49

Prime numbers: 2, 3, 5, 7, 11, 13, 17, 19, 23, 29, 31, 37, 41, 43, 47, 53, 59
